E cranbourne.sc@education.vic.edu.au W www.cranbournesc.vic.edu.au

Principal's Report

Firstly, I would like to thank all parents, students and staff for a successful Term 1 so far. The return to full time onsite schooling after an interrupted 2020 was likely to pose some challenges in terms of settling students back into the routine of school life. Parents can continue to support our work by ensuring students are in full school uniform, are on time at the start of the school day and are also equipped with the materials they need for classes.

The College is in a fantastic position to support families in terms of uniform and equipment and can contact the relevant sub school should they require assistance.

In classes – Common Assessment Tasks and continuous improvement

In Years 7 to 10 students have been busily working through the Term 1 Common Assessment Task (CAT) period. The use of CAT's for students assessment is an opportunity for students to demonstrate key skills and knowledge for each subject area. The CAT's are based on all of the teaching and learning that has occurred so far in Term 1. At the end of the CAT period staff will moderate and assess student work for consistency of assessment results. The moderation process is highly important to the College as it assists in ensuring the learning focus and expectations of achievement are clearly understood and communicated with consistency. It also informs an evaluation of the teaching and learning program. The use of an ongoing evaluation helps to inform continual improvements. The moderation sessions will take place in early term 2 and I will be working with School Council regarding some early finishes to class times on these days to ensure the work is able to be completed by staff.

School Assembly

It was my pleasure recently to be part of the first of the whole school assembly at the College for 2021. The assembly was organized by our student leaders and included performances, celebration of student results from 2020 as well as messages from our student leadership team. The ability for the students and staff to come together in this way is highly valuable and will become more commonplace over the next 12 to 24 months. Students and staff are looking forward to being able to come together more easily and in greater comfort when the new gymnasium facility is completed.

School Council

The new school council is almost formed with one parent representative position available. Any parents that would like to be involved are encouraged to contact the main office to register their interest or to speak with me directly regarding further details.

School Gymnasium and Performing Arts upgrade

The demolition and building works is set to commence before the end of Term 1. The Victorian School Building Authority (VSBA) is in charge of the project and I am awaiting some final details from them prior to the builders commencing on site.

It is likely that there will be some disruptions to sports and performing arts programs during Term 2 while the works are focused in the theatre building. Some images of the new gymnasium facility are below.

Assemblies, presentations and celebrations will take place in the gym with 1000 retractable seats.

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Swimming Carnival

It was with great pleasure that I was able to attend the annual swimming carnival for the College. I would like to commend all students involved for both excellent behaviour and participation.

International Women's Day

The College marked International Women's Day with a variety of events at the College. Thanks to our Science and Pathways staff for ensuring an event involving women in Science, Technology, Engineering and Mathematics (STEM) was able to occur.

School Review

The school review is now in full swing with numerous students and staff participating in review forums and meetings. There are two more days of these activities prior to the finish of the process. At the end of the process the College will develop a new strategic plan for the next 4 years. The development of the plan will be informed by the information gathered as part of the review. There is an opportunity for parents to be involved in forum sessions on 22nd March from 8.50am until 10am. Please email the College at cranbourne.sc@education.vic.gov.au to register your interest.

School Buses

As indicated in the last community newsletter, a review into the school buses and transport around the College is underway. I recently met with a traffic engineer from the City of Casey and have also investigated the possibility of shifting the school bus times. Thanks to all members of the school community that have provided feedback regarding the buses so far. I will be continuing to investigate these issues and will propose possible solutions through Term 2. If you would like to provide feedback to me directly please email the College – cranbourne.sc@education.vic.gov.au – with the subject line 'School bus feedback'.

David Caughey
College Principal

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Tutor Learning Initiative Program 2021

Our school will be providing over 200 students with additional targeted learning support. This extra support is available through the Victorian Government's \$250 million investment in the Tutor Learning Initiative (TLI), which supports schools to address disruptions to students' learning as a result of COVID-19.

The Tutor Learning Initiative enables schools across Victoria to engage qualified teachers as tutors to work with small groups of students and support their learning. The initiative is consistent with Australian and international evidence, which shows that small group tutoring is one of the most effective educational interventions available to support students to progress in their learning.

The Tutor Learning Initiative teacher will work with selected students to understand their literacy and numeracy progress to date and set goals for future learning.

The TLI teacher will also work with each student's regular classroom teachers to minimise disruptions, ensure the program complements the standard curriculum, and support the classroom lessons. The TLI teacher will support each student in a small group setting of up to five students by working with them directly in class.

This tutoring support will be provided for two periods, and small group learning sessions will occur twice a week. Student progress will be monitored as part of the program and updates about their progress will be available throughout the year.

Tutor Learning Initiative Teachers

WELCOME to our Tutor Learning Initiative (TLI) teachers:

Cameron Kittle, Angela Lei, Martin Luo and Siouxsan Major will be joining our English/Literacy Learning Area. Nipuni Anthonyge, Kevin Chong, Pawandeep Kaur and Bapinder (preferred name Ruby) Singh will be joining the Maths/Numeracy Learning Area.

Ms Cucchiara

Assistant Principal

Our TLI participating induction program and training as well as a morning tea with staff.

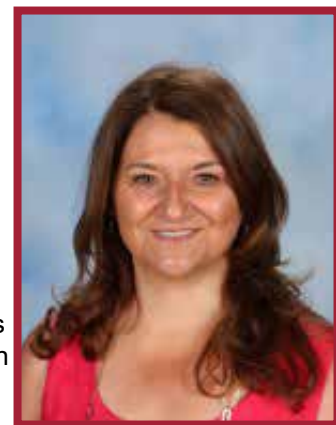

Our TLI year 7 to 10 students engaging with our TLI teachers during a 'meet and greet' session.

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Ms Cucchiara

Student Leadership Prospectus

Student Leaders at Cranbourne Secondary College are brought together by a common goal, driven by a shared interest in giving back to the school and the wider community.

Students are encouraged to take and create opportunities, and to empower their peers through taking initiative and upholding the values of the school.

Student Leaders care for the needs of the student body by liaising with staff, organising lunch time events and fundraisers, and by facilitating and participating in community and College events. Student Leaders are of assistance to the staff and student body. They role model appropriate and positive student behaviour, and work towards making the school environment enjoyable and beneficial to all students.

At Cranbourne Secondary College we are proud of the way in which our Student Leaders conduct themselves, grow in confidence and represent the school.

The College has a number of Student Leadership groups. These include:

SRC

The Student Representative Council (SRC) provides a forum for the expression of student opinion and thus encourages useful communication between the student body, the College Council and the staff. The student group coordinates student activities, in particular fundraising, social events, and student facilities. The SRC encourages active interest by students in college and community affairs fostering a strong college spirit. They provide a role model of exemplary behaviour to the student body and represent the student body honestly and without bias. Leaders are elected by the students.

Mr Massouris

MultiPride

The MultiPride program is a student led group that promotes harmony in the College through events like Polyhood, The Eid Festival and the Asian Festival.

MultiPride students are well known through the colour of their jumper. This was specially designed and approved by the School Council to ensure MultiPride promotes a positive and inclusive attitude towards all cultures in the school.

MultiPride has been involved in the creation of the College Welcome sign at the office, The VCAL garden, Parent Compass APP and the MultiPride sign in the canteen area.

MultiPride meets once a week to plan and promote harmony in the College. Anyone can join at any time. Jumpers and badges are issues once long term commitment is established.

Class Captains

Each class has an elected captain. They meet regularly (twice per term) and provide feedback and/or consultation with classes. Class captains take on extra responsibilities as set by classroom teacher. The class captains work with the SRC to fulfill the College goals at the classroom level. Class Captains are actively involved with their teachers in the curriculum design and Positive Behaviour Support. A class captain is a representative of the class and assists with assemblies and school events.

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Teach the Teacher

The Teach the Teacher program has provided more opportunities for students and teachers to work together to discuss teaching and learning, and has provided a framework for students to conduct their own research, investigate current educational research, and use their findings to work together with their peers to plan and provide professional learning for staff.

The Teach the Teacher Program is designed to develop students' personal leadership, communication and problem solving skills. Students have the opportunity to engage in peer-to-peer teaching and learning and build on their strengths to develop:

- an understanding of student voice and representation
- a greater understanding of teaching and learning
- their potential to be leaders through a student-led professional learning session
- their own unique approach to leadership
- an increased understanding of their personal strengths and skills
- effective communication skills
- a willingness to create a more inclusive school culture

Through the Teach the Teacher Program we have recognised the importance of listening to the students and their thoughts on how to continue to develop positive relationships within the school community. Students not only feel that their voices are being heard but that action is being taken.

The students lead the direction of the program and are fully responsible for organising this valuable and exciting event.

Mr Massouris
Assistant Principal

2021 Class Captains

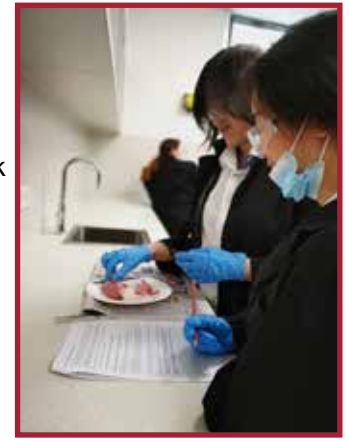

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Science/ STEM News

Last Friday saw my Year 11 Psychology class dig into some brains!!!

The students loved putting their theoretical knowledge of the structure and function of the human brain into practice (even though we used sheep brains!). Over the coming weeks, look out for more Science and STEM student work in action!

International Women's Day

Week 7 was a busy week for STEM. On Tuesday 9th March, we celebrated International Women's Day by hosting a Girls in STEM lunchtime event. Select female students from the Year 7 and 8 Academic Excellence Program, along with Year 9 and 10 STEM classes, gathered in W4 to enjoy some food and drink. They listened to our special guest speaker, Dr Amany Abdelkader, a lecturer and researcher in Anatomy and Physiology from Federation University, give a very moving and inspirational speech about her passion for STEM and her journey towards a highly successful career. When students asked Dr Amany for her advice on girls studying at school, Dr Amany told the girls to *'never let anyone tell you that you can't achieve something, but you do need to work hard!'*

A very big thanks to those who were involved in helping with the organising of the event and making sure it ran smoothly – Carren Brennan, Shannon Pook and Jen Rice. Thank you also to our wonderful and inspiring STEM teachers Rika Amvrosiadis and Mrudula Menon, who were there to show their support.

Casey Technical School

In a separate event on Wednesday 10th March, Year 9 and 10 STEM students had the privilege of attending Casey Technical School in Berwick to participate in a 'Discovery Program'. Students worked in groups and rotated through four different activities using the design thinking process, each one challenging their critical and creative thinking skills! Students were able to participate in activities using Hummingbird engineering and robotics technology, forming objects to float through a wind tunnel, coding a set of instructions to successfully operate drones, and creating all sorts of imagery in 3D space using Virtual Reality (VR) headsets and hand controllers.

Aliza Kumari of 10G had this to say: *"I had a great experience. We did very interesting activities and I've learned new things from them. My favourite was the VR class."*

And Sanjana Garaga of 9A said this: *"First of all, thank you so much for giving us this wonderful opportunity, we love the experience and would love to visit it again."*

My friends and I mostly enjoyed the drones session because we learnt that controlling a drone with a tab is cool, and the Visual gamer session because it felt like a whole other world. We had so much fun, the staff were really nice, respectable and patient. I think it is a wonderful place with so many fun activities that keep students engaged and entertained."

A massive thank you to Rika Amvrosiadis, STEM Learning Area Coordinator, for organising and overseeing this excursion, along with Mrudula Menon and Jen Rice who helped support the students. A very successful day indeed!

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Job Club

Are you looking for part time work or would you like some help with writing a resume, designing a cover letter or making a phone call to an employer. Or maybe you would like to help somebody film their Visual Resume?

Mrs Brennan and the rest of the Careers Team meet every couple of Fridays at lunchtime to go over anything and everything to do with looking for a job. We have a Teams Group where you can contact Pathways directly, and where you can access resources to do with job hunting. We have recently looked at the search engine www.indeed.com and also how to complete an application form for a fast food restaurant, and previously we have used a template to help write a resume.

All students are welcome to attend – in the Careers room at lunchtimes every second Friday (or so!) Keep an eye out for a notice in the newsfeed.

Careers Counselling Appointments

Individual Year 12 VCE career counselling appointments are well underway with approximately 70% of students having already met with Michelle Graco, our VCE Career Practitioner. Prior to the appointment, students complete their online “My Career Portfolio” which incorporates their Career Action Plan, an important resource for goal setting and planning for future career options. In their meeting, students are then able to begin the research and exploration towards finalising the steps involved to reach these goals. This may include the VTAC application process for university and TAFE courses, direct applications to institutes, building their resume for employment or apprenticeships, researching options for the Defence Force/ Police Force or looking at having a Gap year and what that entails.

Students and parents are also encouraged to visit our careers webpage which has a wealth of information – <https://www.cranbournescareers.com>. We also distribute a fortnightly careers newsletter which can be found on the Compass newsfeed; all current and back editions can also be found on our careers webpage. Our careers resource centre in W block is open to all students as a drop in centre during recess and lunch breaks, as well as before Form Assembly and after school. If you have any queries please do not hesitate to contact the Pathways Team via email or phone.

Morrisby Online Assessments

The Year 9 students sat for the Morrisby Online Assessment in the last week of February. This is a great experience for our Year 9 students on deciding what to do after they leave school as it is not always an easy decision.

The Morrisby is a useful career tool that helps students to feel inspired and provide guidance. It collects information on the student's abilities, interests and personality and provides a range of career suggestions that may be suited to them.

We have had 244 students complete the assessment and now move on to the next stage which is the careers consultant appointments. All students have been allocated an appointment time and should appear on their Compass schedule. Appointments will begin on 17th March and continue to the end of the term.

School holiday activities at Casey Tech

Casey Tech School (Kangan Drive, Berwick) serves Cranbourne SC and schools in our local area to deliver hi-tech courses based around STEM and the development of learning and employability skills for the future. They are excited to announce their free School Holiday Programs, which can now be delivered in person!

Beginners Coding Camp (Year 7 - Year 10)

9:00am-3:00pm Tuesday 6th April to Friday 9th April
Learn how to design and code your own website from scratch! During this four-day interactive program, industry experts will guide participants through the entire process in a fun and collaborative environment.

Drones (Year 7 - Year 10)

9:30am-12:30pm Thursday 15th April
Learn how to code drones to fly through an obstacle course hands-free.

Game Design (Year 7 - Year 10)

9:30am-12:30pm Friday 16th April
Use a beginner-friendly game engine to learn about level design, setting up controls and objectives to create your own game level.

DoBots (Grade 5 - Year 8)

9:30am-12:30pm Friday 16th April
Learn how to code and operate DoBot robotic arms to take on a series of challenges.

Bookings are required for all programs. Go to this link and scroll down to School Holiday Programs - Be quick, before they book out!

VCAL News

Intermediate PDS (Personal Development Skills)

Intermediate PDS classes have been busy planning and organising excursions as part of their major learning task for that subject. Excursions range from Glow Golf, to Movies and Gravity Zone. After participating in the excursion, students have to reflect on their experiences and discuss how they could make it better next time.

The excursions planned were as follows:

Tuesday	Wednesday	Thursday
16th March VID City scavenger hunt & glow golf	17th March VIB Leman's laser tag	18th March VIE Ice skating docklands
		23rd March VIC Gravity Zone & Tunz of Fun VID Escape room Frankston VIE Movies Frankston Gravity Zone

Senior VCAL

Momina Changizi has been working with Dr. Tran as a Dental Assistant as part of her Head Start apprenticeship. The employer was so impressed with Monina that they have changed surgery days to give her more time training.

Well done, Monina, this is a great achievement and fantastic to see you working towards your future career goal.

Harmony Day

Monday 29th March periods 2-4

Year 7 students will participate in a variety of activities such as multicultural sports – mini Olympics, food tasting and arts and crafts.

The Year 12 students and their PDS teacher will be organising and facilitating this event for the whole day.

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

E-Learning at Cranbourne Secondary College

Paul Evans

To help students master the technological needs of their learning at Cranbourne Secondary College, we have created a series of helpful instructional videos.

To help students use email in an effective and meaningful way, use this video link:

<https://youtu.be/pd6eM8RdZFE>.

There are two different methods for printing in our school. For students in Years 7 to 9 (for whom we supply computers), use the technique outlined in this great video produced with the assistance of Willow Moore and Kaden Timmins from 7E: https://youtu.be/EWe7_mFBXZU

For students in Years 10 to 12 (where students bring their own device), use this technique: <https://youtu.be/2lZMtCb69b8>

And, in order to help students organise and save their work, we have also created another instructional video, produced with the assistance of McKenzie Dando and Sanjana Garaga from 9A.

Organising, Saving and Backing Up Your Work -

<https://www.youtube.com/watch?app=desktop&v=fnAclN6lgTY&feature=youtu.be>

Community Liaison and e-Learning

Annette Evans and Paul Evans

Our students have created a video to help parents access information about their children.

It can be accessed from this link: **Parent Guide for Accessing Compass at Cranbourne Secondary College**

<https://youtu.be/hDOzkiz2Z1Q>

This video demonstrates how to use Compass, learn about students' progress and manage issues like attendance and absences.

The video was initiated by Annette Evans after working with the Afghan Mothers and seeing the difficulty they were having in accessing Compass, and our brilliant Multi-Pride students, who developed a script and then experimented with different formats to see which one would be user friendly.

Editor and technological genius behind the video was Year 11 student Nirvair Singh-Toor with George Massouris providing video support.

Script writers were Anahita Hakimi and Nooria Salemi. Starring performers and creative directors of film were Anahita Hakimi, Nargis Shafii, Noor Zahra Muntaziri, Behishta Muhammad Ali and Nooria Salemi.

In our next newsletter, we will also publish versions of the video in our main languages of Dari, Farsi, Samoan, Tagalog and Hazaragi.

VCAA Multicultural Unit was contacted and has offered support for the future development to be eventually offered in other schools.

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Kisses

THE MUSICAL

In 2021 we are thrilled to announce that our College Production is 'Kisses'.

After having to pull the pin on last year's production of 'The Wizard of Oz', we are excited to get the rehearsal process started. We have finished the audition process and are set to start rehearsals this week. Over 50 talented students have signed up to be a part of the production this year, and will rehearse weekly from 3:20 – 5:30 each Monday afternoon.

Our staging of 'Kisses' will be only the third time this musical has seen the stage. Having previously won Schools on Stage, the story and music (written by the talented Mr Damien Mizzi), features well known characters as well as some interesting twists on beloved characters we think we know.

Throughout the rehearsal process students who make up the cast and the crew will meet, develop and perfect the roles ready to sell out our theatre for all three evening performances. This year we are fortunate to have two matinees for local primary school audiences and three evening performances, Thursday 5th, Friday 6th and Saturday 7th August.

Our focus for the College Production is not only to put on an entertaining show for the audience, but also to teach our students the skills required to stage a show in a professional manner. These skills include actor and audience etiquette, development of acting skills, commitment, leadership opportunities and a host of technical skills such as lighting, sound, backstage crew and make up design.

Please encourage students to get involved and direct them to the Production Team if they have any questions at all. The Production Team is made up of Musical Director/Vocal Director – Kat Mizzi, Director/Choreographer – Linda McGloin and Producer – Susan Bergman.

We look forward to your support throughout the production process, whether it be as a member of the audience, a parent helper backstage, through fundraising or assisting in the catering of our 'Big Weekend' (May 15 & 16).

If you have any questions on how to get involved – please contact a member of the Production Team.

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Swimming Carnival

The College Swimmin Carnival was held on Monday 22 February at Noble Park Aquatic Centre.

It was a fantastic day for all the students who got involved. It was great to have all of our Year 7 students come on the day for the first time.

Results for the day were:

- 1st FACEY - 197 points
- 2nd DONNELLY - 188 points
- 3rd POOLE - 171 points
- 4th BRUNT - 106 points

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Library News

We celebrate women's achievement by raising awareness against bias.

We take action for equality by promoting International Women's Day with our display in the school library.

This day highlights the role we can all play in helping to create an inclusive world and is a great opportunity for women of culturally and linguistically diverse backgrounds to come together, to reflect and choose to challenge and call out gender bias and inequality.

The library has prepared a display celebrating International Women's Day on March the 8th.

BLIND DATE WITH A BOOK

You may notice that our Blind Date with a Book parcels are now scattered throughout our book displays.

The students are enjoying finding these hidden surprises.

Please submit your book reviews for a chance of a prize (Booktopia voucher) due by the 15th of March.

There will be canteen vouchers and certificates for all good quality reviews submitted.

So far, we have several enthusiastic submissions.

EXTENDED LIBRARY HOURS

The library is now open until 4.30 pm each weekday.

Students are welcome to stay back and make use of our extensive range of non-fiction books, booklist texts/ study guides and computers/internet for private study and homework.

2021 KEY DATES - TERM 1

Wednesday 24 March	Year 7 2022 Information Evening - 7pm
Friday 26 March	Progress Reports
Tuesday 30 March	Open Day Tours - Departing 9:30am (Bookings essential)
Thursday 1 April	Last Day Term 1
Monday 19 April	First Day Term 2
Friday 23 April	Open Day Tours - Departing 9:30am (Bookings essential)

Would we be able to reach you in an emergency?

Accidents happen. Would we be able to reach you if your child was involved? It's imperative that you advise the College of any changes to your contact details. Simply make your changes on Compass or call the College for assistance.

BELL TIMES

Bell times are modified for end of term early finish

Bell Times	Monday - Friday
Warning Bell	8:43 - 8:48
Form Assembly (12mins)	8:48 - 9:00
Period 1	9:00 - 10:00
Period 2	10:00 - 11:00
Recess (20mins)	11:00 - 11:20
Warning Bell (5mins)	11:20 - 11:25
Period 3	11:25 - 12:25
Period 4	12:25 - 1:25
Lunch (40mins)	12:25 - 2:05
Warning Bell (5mins)	2:05 - 2:10
Period 5	2:10 - 3:10

Attendance Matters

Attendance at school while unwell

I'd like to take this opportunity to remind families that we are still in the grip of a global pandemic. Students experiencing cold or flu like symptoms must be tested for Covid-19 and isolate until they return a negative result at which time they may return to school provided they are well enough to do so.

COLLEGE OFFICE HOURS

Mon: 8:15 am – 4:00 pm

WHILE WE LIVE WE GROW

At Cranbourne Secondary College we are **safe, respectful** and **responsible** learners.

Mobile phones are not permitted at Cranbourne Secondary College.

Please make sure your phone is turned off and is stored in your locker.

Mobile Phone Policy extract

Cranbourne Secondary College understands that students may bring a personal mobile phone to school, particularly if they are travelling independently to and from school.

At Cranbourne Secondary College:

- Students who choose to bring mobile phones, personal music players, personal mobile devices and wireless headphones to school must have them switched off and securely stored during school hours including recess and lunchtime.
- Exceptions to this policy may be applied if certain conditions are met (see Mobile Phone Policy on the Cranbourne Secondary College website)
- When emergencies occur, parents or carers should reach their child by calling the school's office on 5996 3544.

The Longest Kick Competition

The longest Kick Competition was conducted during the week of Monday 15 March through to Friday 19 March.

Students participated in this fun lunchtime activity and first and second prize winners received a canteen voucher.

Senior School: Monday 15 March

Year 8: Tuesday 16 March

Year 7: Wednesday 17 March

Year 10: Thursday 18 March

Year 9: Friday 19 March

Year 7

Winner: Thomas Wright

Runner up: Joshua Hewitson

Year 8

Winner: Kortez Malai

Runner up: Macaslyn Tuitama

Year 9

TBC

Year 10

Winner: Logan Mcrae

Runner up: Jelal Imer

Dear Compass user,

Improving our user experience is an important theme in our product roadmap this year, and we'll be rolling these updates out gradually throughout the year. As your school is a Platinum Partner, they have early, opt-in access to this new look and feel.

If your school has decided to opt-in, the following will change for all users in your school community, with examples below:

- A new login page
- A new header across all modules
- A new look homepage

Please note that none of these changes will impact the functionality that you are used to within Compass, they are updates to the design that we hope will make your use of Compass easier. Through prioritising inclusion and accessibility as core design principles, the new Compass interface is intended to be simpler, cleaner and more contemporary.

As always, we're dedicated to making Compass workflows more intuitive so we can save teachers and staff precious time, help students to manage theirs, and better connect school communities. We would love to hear your feedback on the new Compass experience.

We're excited to continue this journey with you.

The Compass Team

Year 7 - BIG DAY OUT - Gumbuya World

All year 7 students are warmly invited to experience a day of adventure, friendship and fun at Gumbuya World.

To celebrate the end of Term 1 and to help our Year 7 students build connections with their teachers and peers, we are offering this important opportunity and we strongly encourage all students to attend.

Students can take the plunge on 8 Epic Waterslides, relax in the 300 metre Lazy River or Heated Rock Pools, experience the many rides, get drenched on Typhoon Island and feed the animals. There is something there for everyone!

When: Wednesday 31st March, 2021

Cost: \$55.00 per student. (Camps and Excursions Fund – CSEF - can be used for this excursion. Contact the general office with any questions about how to access this fund.)

Start: Students to attend Form Assembly at 8:48am for a 9am departure.

Finish: Students will arrive back between 3:15 and 3:45. They will be dismissed on arrival back to school.

What to wear: PE uniform (which must stay dry for the bus trip back to school.)

What to bring:

- Lunch
- Snacks
- Water Bottle
- Hat
- Sunscreen
- Beach Towel
- Bathers

Contact a member of the Junior School Engagement Team with any questions.

Please contact the General Office for payments.

According to Department of Education and Training guidelines, students are not permitted to take mobile phones or electronic devices on this excursion.

Multipride Leadership opportunities for students

Multipride meet on a regular basis

Where: W4

When: Every Wednesday at lunchtime

Time: 1:25 pm - 2:10 pm

Multipride promotes the following principles within the school:

1. No Bullying
2. No Racist comments or stereotyping
3. Co-operation with others
4. Making people feel welcome and safe within the school
5. To be inclusive of others and not be exclusive
6. Celebrate Multiculturalism

Please see Mr Massouris if you require further information.

Moonlit Sanctuary

KEEPER CLUB

Go wild these school holidays!

If you have some junior wildlife lovers looking for fun over the holidays, check out our Keepers Club holiday program.

In a day full of fun hands-on activities, they will get up close to many animals including dingoes and pythons and learn how their keepers work to keep them happy and healthy.

Places are limited so book early and make your junior keeper's day!

For ages 7-14. Cost: \$90

moonlitsanctuary.com.au | t. 5978 7935 | e. bookings@moonlit-sanctuary.com
