

# Student Attitudes to School Survey data viewed

**Student voice indicated bullying was a concern for students**

## Bullying prevention sub committee formed

Comprised of 4 SRC and 5 Multipride students

The subcommittee has developed the bullying prevention action plan. The subcommittee is using student agency to complete the bulk of the action plan tasks.

## Additional feedback gathered from staff and student leaders

Action plan items are placed on the SRC and Multipride meeting agendas for additional feedback and input from the student leaders

The SWPBS team provides feedback on the bullying prevention action plan.

## Enlist support of class captains to gather feedback from the entire student body

The class captains will use student agency to assist the student leaders to gather feedback and student voice from the wider student body.

## Seek feedback from parents/guardians/community

Parents/guardians will be asked whether the bullying prevention initiative developed by students meets their needs.

Bullying prevention initiative will be adjusted to include parent feedback

## Professional development for staff delivered by students

The bullying prevention sub committee will use student agency to deliver professional development for staff

This professional development will teach staff about our updated bullying prevention response

## Student leaders will launch bullying prevention initiative at the College

Launch the bullying prevention initiative with the entire college

Teach and reteach the required lessons: "We are upstanders" and bullying lessons

Reinforce the "We are upstanders" behaviour

Respond to bullying consistently

## Monitor bullying prevention initiative

Collect data and evidence (including student voice) on the bullying prevention initiatives effectiveness

Improve the initiative as required utilising student voice and agency
