## 6. Student behavioural expectations

Our safe, respectful and responsible behavioural expectations of students, staff and families are grounded in our School's Purpose Statement. Student bullying behaviour will be responded to consistently with Cranbourne Secondary College's Bullying policy.

If a student breaches one of our safe, respectful and responsible behaviour expectations, staff will respond utilising either our continuum of response for minor behaviours or our continuum of response for major behaviours. These continuums are consistent with the Department's Student Engagement and Inclusion Guidelines. Where appropriate, parents will be informed about the inappropriate behaviour and the logical consequences issued by teachers and other school staff.

Disciplinary measures or logical consequences may be used as part of a continuum of response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures or logical consequences at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Teachers assist students to improve their behaviour by reminding students of the behaviour expectations and then reteaching the behaviour expectations as required during their interactions with students. Teachers also provide appropriate behavioural choices and students with opportunities to re-engage with their learning if they have demonstrated a minor challenging behaviour. Following a minor challenging behaviour staff will also conference with students and issue logical consequences for the minor behaviours.

Disciplinary measures that may be applied include:

- teacher consequences (natural and logical) such as moving a student in a classroom or other reasonable and proportionate responses to misbehaviour
- loss of privileges such as recess and lunchtime
- time owed at recess, lunchtime or after school
- conferences with teachers
- referral to the Year Level Engagement Coordinator
- restorative practices
- suspension (internal and external)
- behaviour support intervention meeting
- expulsion

Suspension and expulsion are measures of last resort and may only be used in particular situations consistent with Department policy, available at:

Corporal punishment is prohibited in our school and will not be used in any circumstance.
