

First Aid Policy

Help for non-English speakers.

If you need help to understand the information in this policy, please contact the college 5996 3544 or cranbourne.sc@education.vic.gov.au

Purpose

To ensure the Cranbourne Secondary College community understands our college's approach to first aid for students.

Scope

First aid for anaphylaxis and asthma are provided for in our college's:

- Anaphylaxis Policy
- Asthma Policy

This policy does not include information on first aid requirements for COVID-19. Our college follows the Department's operational guidance for first aid management relating to COVID-19.

Policy

From time-to-time Cranbourne Secondary College staff might need to administer first aid to students at college or college activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The principal will ensure that Cranbourne Secondary College has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the college community.

Our college's trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training. This list is reviewed on an annual basis as part of the annual review of our Emergency Management Plan.

First aid kits

Cranbourne Secondary College will maintain:

- A major first aid kit which will be stored in the First Aid Room.
- Eight portable first aid kits which may be used for excursions, camps, or yard duty. The portable first aid kits will be stored in the first aid room

The First Aid Officer will be responsible for maintaining all first aid kits, ensuring they are managed in accordance with the Department's policy and guidance on first aid kits – refer to [First aid kits](#).

Care for ill students

Students who are unwell should not attend college.

If a student becomes unwell during the college day, they may be directed to the first aid room and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

First aid room/sick bay area

Our college follows the Department's policy and guidance in relation to our first aid room/sick bay area to ensure it is safe, hygienic and appropriately equipped: [First aid rooms and sick bays](#).

First Aid Policy

First aid management

If there is a situation or incident which occurs at college or a college activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Cranbourne Secondary College will notify parents/carers by sending a text message to parents/carer A.
- If first aid is administered for a serious injury or condition, or in an emergency situation, college staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, college staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment is administered to a student resulting from a student incident, injury or illness, Cranbourne Secondary College will:
 - record the provision of first aid treatment on Compass
 - if care was provided in response to a medical emergency or reportable incident, follow the Department’s [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department’s Incident Support and Operations Centre on 1800 126 126 where required to under that policy.

In accordance with Department of Education policy, analgesics, including paracetamol and aspirin, will not be stored at college or provided as a standard first aid treatment. This is because they can mask signs of serious illness or injury. For further information refer to the Department’s Policy and Advisory Library: [Medication](#)

Communication

This policy will be communicated to our college community in the following ways:

- Available publicly on college website
- Available on Compass School Documentation
- Included in staff induction processes
- Hard copy available from college administration upon request

Further Information and Resources

This policy should be read in conjunction with the following Department policies and guidelines:

- [First Aid for Students and Staff](#)
- [Health Care Needs](#)
- [Infectious Diseases](#)
- [Blood Spills and Open Wounds](#)
- [Medication](#)
- [Syringe Disposals and Injuries](#)
