## **VET Program**

### **Voluntary Contribution to support the provision of our VET program offerings**

VETDSS offers students in years 10 to 12 the opportunity to engage in VET programs that are industry based and involve practical and theoretical training components. Some VET programs are undertaken on college grounds while others are run at other school or education facilities.

VET enables students to gain qualifications for all types of employment, and specific skills to help them in the workplace.

Undertaking VET while at school allows students to mix general and vocational education and to make a start on training for a career before they leave school.

VET studies allow secondary students to gain practical skills in a specific industry while contributing towards the completion of their senior secondary certificates, either the Victorian Certificate of Education (VCE) or the Victorian Certificate of Education Vocational Major (VCE VM).

Students can also study VET through school-based apprenticeships or traineeships (SBATs) or part-time apprenticeships and traineeships. In government schools, all SBATs will be supported by the Head Start program at the College

# PARENT PAYMENTS POLICY

## ONE PAGE OVERVIEW

### FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

### PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

#### Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

#### Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

#### Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

### FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

### SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
